The private soldiers are undoubtedly good and patient, but they are execrably fed, while the officers, with few striking exceptions, are not equally good. Abdul Kerim Pasha, the commander-inchief, is old and in bad health. The troops are armed well, the cavalry especially so, and fairly horsed. The hospital arrangements are not worth mentioning, and there is much sickness and scurvy. The vegetable diet, lately issued at the instance of an English doctor, proved beneficial. Chloroform is greatly needed. Three-fourths of the officers are newly appointed, and have had no previgreatly needed. Three-rounted are newly appointed, and have had no previous training. The general fault of the army is lack of organization and Oriental slowness. Some of the officers, however, are most able and hard working. At Varna the Austrian General Stracker is working day and night. There is but one English officer in the army, the more of the organization and entertainments in honor of the occasion. Our "City of Flowers" intends to distinguish itself.

IN MEMORIAM.

Mrs. F. Agusta Margart. Never has pas ed from the clasp of mourning friends one whose faith with meekness could contemplate brighter visions of glory awaiting the Christian on Eden's blissful shore. Her womanly and Christian excellence was well known. Through a short and painful attack of illness a complaint was never heard from her lips. Patiently every pang was endured, with a calm resignation and submissive spirit. How sad to think such a beautiful life as hers—full of rare Christian virtues, humility, un selfishness, and consecration to Christ, with useful ness as a member of His church—has closed on earth. To the welfare of the poor she ministered with unwavering tenderness and devotion. In the social circle she was beloved by all who knew her. The latch-string was ever on the outside of the mansion over which she presided, with a fond husband whose tastes were similar, and with her knew no limit to kindness of heart and generosity when entertaining their guests. We believe she has entered into that rest which remaineth for the people of God, with a certain hope of everlasting life through our Lord Jesus Christ, and that, with the loving appreciation and sorrow of friends, must be a consolation to the weating hisband. In the merits of her preciation and sorrow of triends, must be a consola-tion to the weeping husband. In the merits of her-loving Savior she trusted, and while the deeply felt loss is his, her's is joy and peace forevermore. May he discharge every temporal and spiritual duty with constant watchfulness and untiring zeal as punctiliously as the devoted wife, now so truly lamented, is the wish of his devoted friend,
